

We have been providing holidays rentals for over 15 years on the country estates of our family who

pursues the inherited tradition of producing the highest quality extra virgin olive oil.

We are a family run business and pride ourselves on being able to provide all of our customers with a personalised, friendly and knowledgeable service in one Italy's most beautiful area.

Whilst most people have heard of Tuscany and therefore often make that their first choice destination, far fewer have discovered the charms of the neighboring regions of the Rome country side. Still undiscovered the Sabina area is just as beautiful as Tuscany - but with the benefit of far fewer tourists and offering excellent value for money.

Our self-catering apartments preserve the Sabine style, offering comfortable and attractive accommodation. These are rentals for the interested and independent traveller who wishes to experience and share in the Italian way of life in an idyllic settings **just outside Rome.**

We hope that you will find Colle Cesoni appealing to you for your vacation.

We are always very happy to talk over with you any aspect of your holiday and which apartment and of facilities would be the best for you to rent. We are available to facilitate your stay and help you plan some very interesting local excursions.
